

Kyocera Recycling Program

How it Works

Kyocera only ships boxes to authorized dealers and not directly to customers.

- A \$15 fee will be assessed if you proceed with ordering Kyocera recycling boxes.
- This fee will be charged against your print contract if one is in place.
- Included in this charge are 3 boxes, the shipping, handling, and storage fees of the recycling boxes at one of our Marco facilities.

Next Steps

- Email cw-returns@marconet.com if you wish to proceed with ordering Kyocera toner recycling boxes.
- NOTE: Please specify you have read and agreed to the fee listed above in the body of the email. No toner boxes will be sent without written consent of the end user.
